JUNE BUSINESS MEETING

Boyleston Lodge members met on June 5th and started it off with a fine dinner as usual before the business meeting – brothers don't take for granted how good we have it with all the great cooks and meals we get here at Lodge #123. Thanks to all who helped prepare, serve, and clean up afterwards. There were 42 members present – 11 of whom were Past Masters, and 4 Grand Lodge officers.

After reading of the minutes and voting on candidates/advancement, Brother Gene Swygert gave a report on the status of the former Richland Lodge building and property. An outside appraiser, the Urso Company, prepared a report of the market value of that which used to be Richland #39 at 2101 Kennerly Road just a few miles from our own lodge. The appraisal, which was $1000, valued the property and all contents at $385,000. The committee is dedicated to getting the best possible price for the buildings and land.

Speaking of land, the Building Committee is meeting to look into the possibility of purchasing land somewhere for a new Lodge home in the future. Not sure exactly where yet, but their eyes are open and looking into it …

Brother Will reported that the new computer has arrived and will be set up at Brother Bobby's house. This was much needed, and will provide years of computing power for our lodge needs.

Brother Buster told the brethren that it appears some pots and pans may have been used by some folks but they have not found their way back to the kitchen yet … if anyone has some lodge kitchenware please bring it on back!

Brother Ronnie Alcorn informed the brothers that he has gotten two bids for lawn maintenance: one was $55 twice per month tied to a six month contract, and the other was $80 twice per month with no contract. Brother John Meetze encouraged brothers to sign up and take care of the lawn work.

Brother Jim Masters informed the brothers that "Internet Lodge" #9659 was online and available for viewing and sharing information. One can even petition this lodge for membership … the forms are available online at their website. Anyone wishing to check it out on the web can visit the site at: http://www.internetlodge.co.uk.
